SAMPLES

New Microsoft 365 & Power Platform sample gallery with more than **1500+** samples from Microsoft and community

aka.ms/community/samples

The image shows a tablet displaying the Microsoft Community Samples gallery. The screen is split into two main sections. The top section shows a card for 'Sample Solution Gallery / Waldek Mastykarz'. It features a search bar, a dropdown menu set to 'Newest To Oldest', and a list of products with checkboxes: Microsoft Lists, Microsoft Teams, Azure AD, Office, Power Apps, Power Automate, Power Fx, SharePoint, Viva, Microsoft Graph, Microsoft Graph Toolkit, OneDrive, and Microsoft To Do. Below this is a 'Reset filters' button. The bottom section shows a card for 'Sample Solution Gallery / Lead Dashboard'. It includes a SharePoint icon, the title 'Lead Dashboard', and a note that it was last modified on November 15, 2022. It lists authors Paolo Pialorsi, Guido Zambarda, and Waldek Mastykarz. A preview image of the dashboard is shown, which contains various charts and data visualizations. Below the preview is a 'View on GitHub' button and notes about client-side development using React and SPFx version 1.16.0.

GUIDANCE

Learn how to get started in the open-source PnP community!

Upcoming Sessions:

- **General First Time Contributor**
- **Power Platform Samples Contributor**
- Writing for the Web
- SPFx Developer Workstation Setup
- Using PnP SPFx samples w/ NVM
- More than code with VS Code
- First-time presenter
- M365 Maturity Model Practitioners

New Sessions
scheduled for April

<https://aka.ms/sharing-is-caring>

Virtual event

Build once, deploy efficiently, connect across Microsoft 365

Discover new ways to amplify your
Teams app's potential

Register today at aka.ms/BuildwithTeams

March 29th, 2023 • 9:00AM PST

The collage illustrates the integration of Microsoft 365 services. It shows a desktop Outlook interface with a 'Contoso' calendar, a Microsoft Teams window displaying a video call with a woman, and a Microsoft 365 dashboard showing a line graph of 'Return Volume' from January to May. A smartphone screen displays a 'Contoso Retail' app with a similar line graph and data points for 'Returns' and 'Inventory'. The overall theme is how Microsoft 365 can be used to build once and deploy efficiently across different business applications.

Month	Returns	Inventory
January	~2,500	~5,500
February	~6,600	~5,500
March	~4,500	~4,500
April	~4,500	~5,500
May	~3,500	~3,500

Introducing Microsoft 365 Copilot—A whole new way to work >

Today, we announced Microsoft 365 Copilot—your copilot for work. Copilot combines the power of large language models with your data in the Microsoft 365 apps and Microsoft Graph to turn your words into the most powerful productivity tool on the planet. And it does so within our existing commitments to data security and privacy in the enterprise.

Optional picture time!

Video on and we'll grab
a Together Mode pic
with those who are
willing to do this.

We are together on this
as a community!

Let's all be
like Seb

By enabling your camera for the picture, you grant us permission to share your picture in social media.

A photograph showing three people in an office setting. A woman in a light grey sweatshirt and beige pants is pointing towards a whiteboard with her right hand. A man in a black t-shirt and blue jeans stands to her left, looking down. Another woman in a striped blouse is partially visible behind them, also looking at the whiteboard. The whiteboard has some handwritten text and diagrams.

DEMO

- **SPFx v1.17 release - what's new and what's there**
 - Luca Bandinelli
 - Alex Terentiev
- **Kiota SDK generator is now available - What you need to know!**
 - Sébastien Levert
- **Deploy a Microsoft Teams app to Azure using Teams Toolkit for Visual Studio Code**
